Thanks for your responses.

The proposed time-slot on the 19th is NOT going to work— since people are out that Friday afternoon for the Easter/Passover weekend.

Can you please let me know your availability and preferred times for a joint call sometime during the following week of April 22nd?

I will work with the BOE team, Sara and Susan and circulate a call in invite based on your responses.

Thanks

Bill

Can you please let Sara and I know if you can be available for a joint SSC-BOE call at 2:30 Central on 4/19 —
with the EPA and NDEQ Counsel.

Also please let us know if it would be more convenient to push back the call until the following week of the 22nd after the Easter-Passover Holiday?

I will circulate a suggested agenda prior to the call.

Thanks, Bill

Bill: The best time for a call for EPA and the state appears to be 4/19 at 2:30. We will only have about 30-45 minutes for the call. Does that work for your folks or would you like to push to next week?

Thanks.
